PLUSNSOFT

03. Development Process (Workflow)

The working team instructs the PLs in charge of HUE's development team to work after the Korean PM/PL group consults with the PM in Ho Chi Minh City.

[Planning] Korea

Handled issues are quickly responded to by each part PL and delivered.

[UI/IX] Korea & Vietnam

[Design] Korea Or Vietnam

Client

<PM> Korea

<PM> Korea

Client

[Develop] <PL> Korea & Vietnam

Web/API [Development] Vietnam

APP [Development] Vietnam

HUE Development Team

All issues and requirements can be discussed with the PM.

The negotiated issues are organized by the PM and delivered to the relevant part.

If the processed issue arises again or there are additional issues, the client can also discuss it with the PM.
